

QR code acc. to Article 13 Battery Regulations EU 2023/1542

	Article 13 QR code	Requirement in details	Item:
1	Part A of Annex VI	1. information identifying the manufacturer in accordance with Article 38(7)- Trade mark, postal address, website	Kompernaß Handelsgesellschaft mbH Burgstraße 21, 44867 Bochum, Germany www.kompernass.com
		2.the battery category and information identifying the battery in accordance with Article 38(6);	IAN 516902_2604
		3. the place of manufacture (geographical location of a battery manufacturing plant);	2nd Floor, building 1, 5399 Jiaotong Road, Jiangling Subdistrict, Wujiang District, Suzhou, JiangSu, China
		4. the date of manufacture (month and year);	8 month 2026 year
		5. the weight;	450g
		6. the capacity;	60Wh
		7. the chemistry;	
		8. the hazardous substances present in the battery, other than mercury, cadmium or lead;	Cr ⁶⁺ , Ni, Co, Mn, LiPF ₆ , HF, PBB, PBDE
		9. usable extinguishing agent;	Use fire extinguishing media suitable for the surrounding environment
		10. critical raw materials present in the battery in a concentration of more than 0,1 % weight by weight.	Lithium Cobalt Oxide, Graphite, Aluminum foil, Phosphate(1-), hexafluoro-, lithium, Aluminum foil, Copper, Lithium Nickel Oxide, Methyl Propanoate, Iron
2	Capacity		
3.	Non-rechargeable cell	Min. average duration	

4.	Part B of Annex VI	 3% of the area of the largest side of battery up to a max 5x5cm; cylindrical battery cells, 1,5 % of the surface area of the battery and shall have a maximum size of 5 × 5 cm.	
5.	Chemical symbol for metal concerned	containing more than 0,002 % cadmium or more than 0,004 % lead	n/a
6.	DoC of Article 18		DoC
7.	Report of Article 52(3)	Third-party verification of battery due diligence policies	Delay to 18/8/2027
8.	Information of Article 74 (1) (a) to (f)	Regarding the prevention and management of waste batteries	Waste Battery collection info from KHG
